EDUCATION

Lovely Professional University <i>Master of Computer Applications (MCA)</i>	Phagwara, Punjab 2024 – 2026
Maharaja Surajmal Institute, GGSIPU <i>Bachelor of Computer Applications (BCA)</i>	Janakpuri, New Delhi 2021 – 2024
Bal Bhavan International School, CBSE <i>Class XII – Humanities</i>	Dwarka, New Delhi 2020 – 2021
Bal Bhavan International School, CBSE <i>Class X</i>	Dwarka, New Delhi 2018 – 2019

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, Shell Scripting
Web Technologies: HTML, CSS, Node.js, Express.js, Flask
Data Science & ML: Pandas, NumPy, Matplotlib, Scikit-learn
Databases: MySQL, MongoDB, SQLite, Supabase
DevOps & Tools: Docker, Git, GitHub, Render, Ubuntu/Linux Servers
Soft Skills: Team Collaboration, Project Management, Problem Solving

PROJECTS

Wildlife Species Classifier | *Python, Flask, Docker, SQLite, Supabase, Render*

- Built and deployed a scalable wildlife species classification platform using Flask and Docker, supporting both cloud and local runtime environments.
- Integrated SQLite and Supabase databases for efficient data persistence and managed full end-to-end deployment on Render.
- Designed a modular backend architecture optimized for future scalability; streamlined version control and team collaboration via Git/GitHub.
- github.com/sahilkashyap263/Wildlife-Species-Classifer

Entertainment Content Recommender | *Python, Flask, Pandas, NumPy, Scikit-learn*

- Built an intelligent recommendation engine that suggests movies and shows based on user preferences and interaction history.
- Implemented collaborative and content-based filtering logic using Scikit-learn to deliver personalized, accurate recommendations.
- Developed a responsive frontend interface integrated with a Flask backend for seamless user experience.
- github.com/sahilkashyap263/Entertainment-Recommendation-System

CERTIFICATIONS

Data Fundamentals – IBM
Data Visualization using Python – IBM
Full Stack Web Development – GeeksforGeeks
Networking Basics – Cisco Networking Academy

ACHIEVEMENTS & ACTIVITIES

AWS Generative AI Workshop – Attended hands-on workshop covering cutting-edge generative AI models, tools, and best practices for building and deploying AI applications on AWS infrastructure.
